

NEBULA MIRROR

Our Nebula Mirrors add a pop of glamour to your wall with lustrous shades of gold and silver suspended and gilded on an organic fluid cloud of pigmented translucent rubber.

Each Nebula Mirror is hand poured with layers of pigmented rubber creating an elegant swath of constellated pools inspired by the gaseous brilliance of nebulas.

This design is offered in any shape, size, and color with a partially exposed polished edge. Our translucent rubber can be pigmented to any color and we would love to make a custom Nebula Mirror to match your design needs.
