SHOAL

COFFEE TABLE

Made in collaboration with Salon Design, our *Shoal Coffee Table* is inspired by coastal landscapes. Referencing the beautiful geological formation of shoals emerging from ocean waves, our tiered MetaMATERIAL floats and appears to collide with a puddle of watery glass suspended by three glass legs.

Our *Shoal Coffee Table* features our first blend of opaque and translucent resins which creates subtle ombres in our graphic oversized *Frequency* pattern. Together hues of creamy pinks and shades of blues reference seashells and ocean tides in our new *Mollusk* colorway.
